

Optimizer / WD coupling

training intervention

- SGD / SGDW
- Adam / AdamW
- coupled vs. decoupled WD

Penultimate geometry

feature fingerprint

- NC metrics
- feature norm
- covariance spectrum
- local density
- subspace structure

Detector readout

score channel

- logit margin
- distance
- density
- angular prototype
- NC / residual subspace

Reliability behavior

OOD signal

- AUROC / FPR95
- detector ranking
- diagnostic recovery
